

## **PREVENTION IN PROFESSIONAL LIABILITY**

Adequate selection of clients

No mandate from a friend or a family member

No mandate in an area unfamiliar to you

Only accept a mandate when you have the time and / or resources  
to deal with it

No mandate from a last-minute client (example: a few days before a trial)

Do not accept any mandate while you are the umpteenth lawyer consulted

Trust your instinct

Inform the client of the amount of fees and costs to be incurred

Have a fee agreement signed

Confirm the mandate and your advice in writing

**BECAUSE PREVENTION REMAINS THE BEST SOLUTION!**
